## LABOR DAY

We weren't sure how the show worked for us until recently, but now the leads from the show are generating a good amount of revenue for my company.

Jeff Epping – Creative Water Features

## QUALITY LEADS

I wanted to let you guys know that the leads we received were no doubt high quality. We have closed several deals already and have many more to visit. Keep up the good work!

James – All Season Pools

## WITHOUT A DOUBT

Without a doubt this has been the best Home Show my company has ever participated in. It had all the necessary components - extremely well advertised, decorated and managed. My team picked up enormous amount of qualified leads. Look forward to seeing you on Labor Day.

Earl – New South Windows

Chef Warren  
Caterson

## GLAD TO BE BACK

My company stopped exhibiting at home shows years ago. We're glad we made the decision to come to the show, we are feeling a tremendous benefit from being there, keep us on your list, we'll definitely be back!

Doug King – King Contracting

## HOME RUN

I want to let you guys know last week's show turned out to be a home run for my company. It was all that home shows should be, the look of the show, the celebrity guests and the marketing. We had a lot of expenses and labor to set this show up and it was definitely worth our time and effort. Looking forward to Labor Day.

John Madison – John Madison Landscaping

## GREAT SHOW

East Coast Consumer Shows put on a great show. We were very happy with the traffic and how the show was decorated. We look forward to being in all your shows.

Margaret – Adventure Hot Tubs
